

Tectonics

DIGITAL ARTWORK FOR TECTONICS PREPRESS TEAM

Please include the following with your order:

- Accurate color hard-copy for reference
- Pantone colors that need to be matched
 - Some Pantone colors fall outside the process color gamut.
 - Matching Pantone colors may affect your turnaround time.
- Layout sheet in hard-copy or PDF form. Your layout sheet should include finish size, crops, finishing information, and any other information needed to complete your job.

These guidelines must be followed in order to complete your job in the expected time frame. Any additional file handling will result in extra charges.

Raster

A separate file is requested for each layout containing ALL and ONLY the content of the printed piece.

- Color Space - CMYK..... Rich Black - 50C, 50M, 50Y, 100K
- Scale..... 1/1 or 1/10
- Resolution (pixels per inch)..... @ 1/1 scale 75 ppi | @ 1/10 scale 750 ppi
